THE SHETLAND SHEEPDOG ~THEN AND NOW

Saturday, September 19, 2009 (8AM to 5PM)

University of New Hampshire's Thompson School
of Applied Science, Barton Hall 134

An informative one-day seminar presented by Tom Coen of Macdega, which will provide an in-depth look at the Shetland Sheepdog from its beginnings to where the Sheltie is now...the Breed Standard and breeding theory...followed by a Virtue Match. Please join us for good food, good company, and a great raffle!

"I acquired my first Sheltie in 1959, put a CD on him, and occasionally competed in Junior Showmanship. It was the art of breeding dogs, however, that captured my attention and has held it for more than 40 years. The first Macdega litter was whelped in 1964, and the challenge of creating the perfect Shelties continues to this day. I consider myself very fortunate to have been owned by so many special Shelties who have contributed to our breed. Among them are four of the breed's top 10 sires, 18 ROM sires and dams, numerous National winners, and eight all-breed Best in Show winners."
